Notes: Documents & Code

- Product backlog and Sprint 1 - 3 backlogs are available in Trello.
- Each user story and its acceptance tests are available on a Trello card with matching number (e.g., “#7 Admin: Register new worker”).
- All documents are available in docs directory in our GitHub Repository.
- All code and unit tests in FrontEnd and BackEnd directories are for user stories 1, 7 and 15, which have been completed for Milestone 2.
- All code and unit tests in BackEnd for user story 8 has been completed for Milestone 2.

Peer Assessment

Student Number	Name	Contribution (%)	Items
s3575912	Midori Verdouw	35	<ul style="list-style-type: none"> • US1 Frontend & Backend, US7 & US15 Frontend • Frontend unit tests: Home & BusinessSchedule directories in FrontEnd, some backend unit tests for US1 • Acceptance test reports for US1, 7, 15 • Organise Trello cards for user stories • CircleCI setup for frontend • Dockerise the project • Deploy frontend to AWS ECS & ECR
s3786866	Julian Tjong	20	<ul style="list-style-type: none"> • US7 Backend, US8 Backend • US7 & US8 Backend unit tests (Worker schedule, User entity) • Trello cards for US7 and US8
